Description

Human remains representing, at minimum, one individual were removed from Dixie County, FL. At an unspecified date in the 1970s or 1980s, a private collector of paleontological resources donated his collection of Hemingfordian period faunal remains to the University of Kansas. In 1991, in response to the passage of NAGPRA, the University conducted a review of

this collection, during which the remains of this individual were identified and transferred to the University's Museum of Anthropology. In 1996, the Museum of Anthropology was closed, and the archeology collection was transferred to the Biodiversity Institute. No associated funerary objects are present.

Cultural affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological and geographical.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the University of Kansas has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Seminole Tribe of Florida.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after
[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL**

REGISTER]. If competing requests for repatriation are received, the University of Kansas must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The University of Kansas is responsible for sending a copy of this notice to the Indian Tribe identified in this notice.
